# Junior Cycle Graphics Classroom-Based Assessment 2: Example of Student Work 03

January 2024

# Geometry in Candle holders

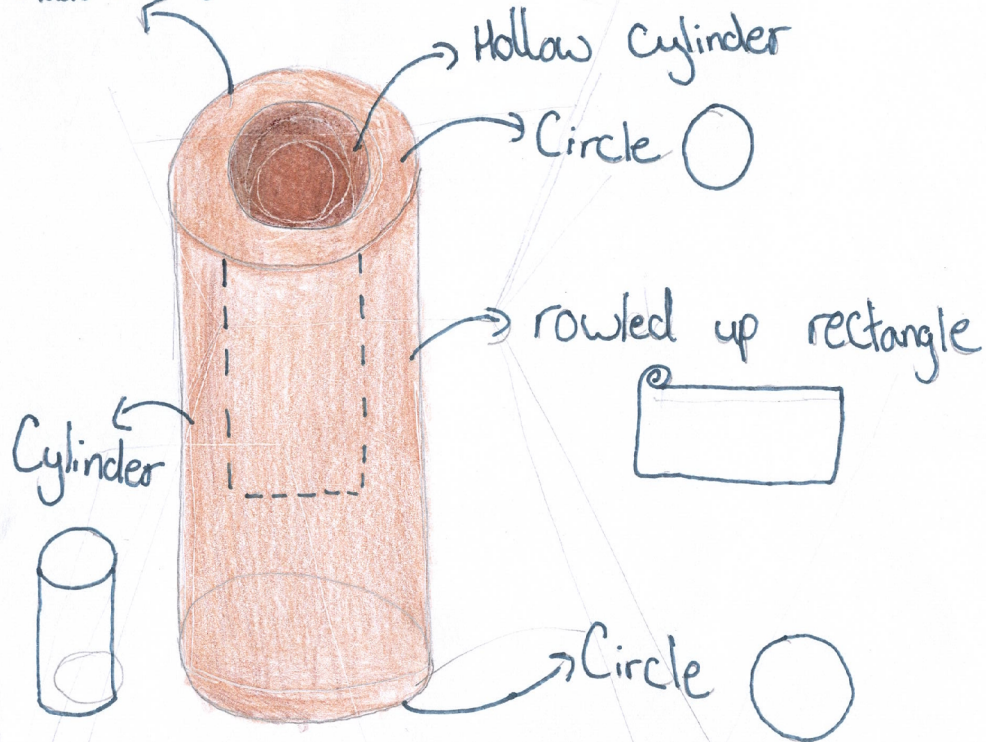

Made out of wood

Candle holders

Made out of wood

## Graphics cba 2

I got my information for my CBA on websites and looked at some candle holders, but I also looked at some at home and in shops. I used my graphics book and websites to help me with the geometry of the candle holders I used in my CBA.

## Teacher annotations using the Features of Quality

The annotations capture observations by the teacher, using the features of quality, with a view to establishing the level of achievement this work reflects. The annotations and judgments were confirmed by a Quality Assurance group, consisting of practising teachers and representatives of the NCCA, the Inspectorate, the State Examinations Commission and the Oide support service.

### Teacher annotations

#### Research and analysis:

The research method chosen was appropriate for their area of learning and generated a suitable analysis. The student completed both primary and secondary research and used this research as a foundation to explore the geometry of a variety of candle holders.

#### Exploring concepts:

The response demonstrated some level of understanding of concepts relevant to the domain. This was evidenced through the sketching of relevant 2D and 3D geometry, complimented by appropriate annotations. Greater detail provided in relation to the sketches could have demonstrated a higher level of understanding of the relevant concepts.

#### Graphical presentation:

The findings were well presented, using an A3 sheet and a research note. Using 2D and 3D rendered sketches and annotations, the student carefully considered what information best communicated their Classroom-Based Assessment. Greater use of the white space on the sheet could have been used to demonstrate further understanding of the relevant concepts.

Overall judgement:  In line with expectations

Exceptional

Above expectations

In line with expectations

Yet to meet expectations
